Same seed. Same face. Every time.

1 FACE DOWN

2 FLICK AND SPIN

3 KNOCK HOME

1 Set

Place the seed on a hard table so the flat oval face sits down.

2 Flick

Snap a fingertip against the rounded equator. Let it turn on its belly.

3 Knock

When the spin dies, the same face meets the table. Pick it up and go again.

Reset Lift the seed. Set the flat face on the table. Flick again. No extra parts.

Care Wipe with a dry cloth. Keep it a table toy, not a chew, not a projectile.

Safety Small object. Keep away from children who mouth toys. Play on a clear table.
